### Re: IFBLS Internet Scam Warning

Dear Members and Colleagues,

It has come to our attention there was a recent attempt to scam IFBLS with an email that appeared to be sent by President Anne Lindgren Berndt. The scammers have used detailed information found on the IFBLS website to create the appearance that the email is legitimate.

Please be aware, that IFBLS, the Management Committee, or the Board of Directors will never send emails requesting money or banking information. The only email Members will receive from the IFBLS office for payment is for annual membership fees.

If you have any questions or concerns regarding any emails or similar communication from IFBLS please do not hesitate to contact the office at [communications@ifbbs.org](mailto:communications@ifbbs.org).

Kindest regards,

Anne Lindgren Berndt  
President  
IFBLS
