

Britta Karlsson Educational Webinar Series

IFBLS is pleased to announce the next webinar in
our educational series:

Recent Development of the Coronavirus - How Can We Keep Up When Producing New Vaccines?

Friday, 17 November 2023
11:30 am - 12:45 pm CET (Stockholm, Sweden)

[\(what time is the webinar in my country?\)](#)

Professor Matti Sällberg of the Karolinska Institutet in Sweden will discuss the current development of the Coronavirus and discuss new research where a DNA-based vaccine targeting multiple parts of the virus makes it less vulnerable to mutated strains and potentially effective against new variants.

There is no charge to attend this **free webinar**!

Register early! Maximum capacity 500 registrants.

Certificates of Attendance will be sent to participants
(please allow 1 week delivery after the webinar).

Keynote Speaker:

Matti Sällberg, PhD
Professor and Chairman
Department of Pathology
University of Texas Medical Branch
School of Health Professions
United States of America

This 75-minute webinar is a great opportunity to learn from our international colleagues and apply their knowledge to your own practice.

Registration is required to attend this **free webinar**.

Certificates of Attendance will be emailed to participants
(please allow 1-week delivery after the webinar).

Visit the IFBLS website for more details www.ifbls.org

Register early! Maximum capacity 500 registrants.

We look forward to your participation in this event!
